NEED SOMEONE FOR A PROJECT?

POST THE CALL

Publish casting calls, TFCD collaborations, paid opportunities or urgent project needs — and make them visible to the people who can actually fit.

WHAT YOU CAN POST

NEED SOMEONE FOR A PROJECT?

NEED SOMEONE FOR A PROJECT?

Project Calls help the right people come to you.

One missing person can hold up the whole production.

Use Project Calls to reach available talent by role and location — whether you are planning ahead or replacing someone at the last minute.

No cold messages. No guessing. Just a focused call for the people who fit.

Reach beyond your contacts

Find professionals you may not know yet, but who match the project.

Save time on specific roles

Describe what you need once instead of messaging multiple people separately.

Cover last-minute needs

If someone cancels or a role is still missing, a call can quickly surface available people.

Keep the request focused

Add the project date, location, fee, role and short description so people can decide faster.

Receive relevant responses

Calls are shown based on role and profile fit, so the opportunity reaches people who are more likely to match.
